

Cumulative Index 1982, 1983, and 1984

Volumes 20, 21, and 22

Note: The volume year is in *italic type*. Page numbers of symposia and article titles are in **boldface type**.

SYMPOSIA

1982

<i>March</i>	NEURORADIOLOGY
<i>June</i>	ULTRASOUND IN OBSTETRICS AND GYNECOLOGY
<i>September</i>	METASTATIC DISEASE
<i>December</i>	RADIOLOGY OF THE ALIMENTARY TRACT

1983

<i>March</i>	MAMMOGRAPHY
<i>June</i>	CT OF THE LUMBAR SPINE
<i>September</i>	CT AND ULTRASONOGRAPHY OF THE ACUTELY ILL PATIENT
<i>December</i>	CARDIOPULMONARY IMAGING

1984

<i>March</i>	CT OF THE EAR, NOSE, AND THROAT
<i>June</i>	IMAGING AND INTERVENTION IN THE RENAL FOSSA
<i>September</i>	NONPULMONARY ASPECTS IN CHEST RADIOLOGY
<i>December</i>	MAGNETIC RESONANCE IMAGING

Abdomen, blunt trauma to, CT detection of, 1983: Sept., 461-475

vs. peritoneal lavage, 1983: Sept., 473-474

fetal, anomalies of, sonographic appearance of, 1982:

June, 297-310

anterior wall of, defects of, sonographic diagnosis of,

1982: June, 303

normal, sonographic appearance of, 1982: June,

274-283

radiography of, in cholecystitis, 1983: Sept., 478

upper, abscess of, thoracic manifestations of, 1984:

Sept., 564-565

Abdominal circumference, fetal, intrauterine growth retardation and, 1982: June, 339-349

Abdominal distention, evaluation of, 1982: June, 406, 410

Abdominal pregnancy, 1982: June, 392

Abruptio placentae, 1982: June, 362

Abscess(es). See also specific organs and regions.

appendiceal, in pediatric patient, ultrasonography of,

1983: Sept., 529-530

aspiration and drainage of, 1983: Sept., 448-449

cerebral, on magnetic resonance scans, 1984: Dec.,

783-784

chronic, of breast, MRI of, 1984: Dec., 864

CT of, 1983: Sept., 433-436

drainage of, choice of catheter for, 1983: Sept., 449, 451-453

CT and, 1983: Sept., 448

fluoroscopy and, 1983: Sept., 446

in pediatric patient, sonography and, 1983: Sept., 530

with CT and ultrasound, selection of patients for,

1983: Sept., 445-446

with CT and ultrasound guidance, 1983: Sept.,

445-459

imaging of, approach to, 1983: Sept., 438-439

intestinal, CT scan of, 1982: Dec., 786, 791

intra-abdominal, 1982: Dec., 831-835

diagnosis by sonography and CT, 1983: Sept.,

425-443

gas in, 1982: Dec., 832

intracavitary gas and, 1983: Sept., 433

lesser sac, catheter drainage of, 1983: Sept., 456

lung, conventional radiography of, 1983: Sept., 575-577

CT of, 1983: Sept., 575-583

features compared with those of empyema, 1983:

Sept., 578-579, 582

of liver, catheter drainage of, 1983: Sept., 455-456

thoracic manifestations of, 1984: Sept., 565-566

Abscess(es) (*Continued*)

- pancreatic, CT evaluation of, 1983: Sept., 509
- pelvic, MRI of, 1984: Dec., 914
- perirenal, CT of, 1983: Sept., 521
- renal, CT of, 1983: Sept., 521
- MRI of, 1984: Dec., 939
- upper abdominal, thoracic manifestations of, 1984: Sept., 564-565
- Achalasia, esophageal anatomy in, 1984: Sept., 593-601
- thoracic manifestations of, 1984: Sept., 571, 574, 577
- Achondrogenesis, sonographic diagnosis of, 1982: June 321-322
- Achondroplasia, on pediatric chest radiographs, 1984: Sept., 729, 730
- spinal stenosis and, 1983: June, 308
- Acoustic nerve, anatomy of, 1984: Mar., 45
- Acoustic neuroma, at skull base, 1984: Mar., 184, 187
- diagnosis of with MRI, 1984: Dec., 788
- other ear tumors and, CT of, 1984: Mar., 77-105
- Acoustic tumors, facial nerve and, CT in, 1984: Mar., 73-74
- Acromegaly, affecting thoracic cage, 1984: Sept., 506, 507
- Acutely ill patient, CT and ultrasonography in, symposium on, 1983: Sept., 423-603
- Adenitis, cervical tuberculous, 1984: Mar., 245, 247
- Adenocarcinoma, of pancreas, on magnetic resonance scans, 1984: Dec., 875
- renal, CT of, 1984: June, 304-307
- Adenoma, hepatic, glycogen storage disease and, MRI of, 1984: June, 293
- mediastinal parathyroid, CT of, 1983: Dec., 730
- pituitary, 1984: Mar., 196, 198-199
- evaluation of with MRI, 1984: Dec., 798, 799-802
- hypodense, evaluation of with MRI, vs. CT, 1984: Dec., 800-801
- thyroid, benign, 1984: Mar., 248
- Adipose tissue, mediastinal, on lateral chest radiograph, 1984: Sept., 694, 695
- Aditus ad antrum, CT of, 1984: Mar., 11, 13
- Adnexal mass, sonographic evaluation of, 1982: June, 401-404
- Adrenal glands, anatomy of, MRI of, 1984: Dec., 892
- disorders of, 1984: June, 433-455
- fetal, normal, sonographic appearance of, 1982: June, 282-283
- hyperplasia of, on magnetic resonance scans, 1984: Dec., 893
- morphology of, on magnetic resonance scans, 1984: Dec., 892-893
- MRI of, 1984: Dec., 891-895
- pathology of, MRI of, 1984: Dec., 893, 894
- tumors of, MRI of, 1984: Dec., 893, 894
- Adrenal metastases, 1982: Sept., 531-540
- computed tomographic appearance of, 1982: Sept., 537-540
- origins of primary neoplasm, 1982: Sept., 532
- ultrasonographic appearance of, 1982: Sept., 534
- urogram and angiogram of, 1982: Sept., 533
- Adult respiratory distress syndrome, 1983: Dec., 699-708; 1984: Sept., 674
- balloon occlusion pulmonary angiographic studies of, 1983: Dec., 703-707
- cardiac abnormalities in, 1983: Dec., 707
- pathogenesis of, 1983: Dec., 699-701
- radiographic appearance of, 1983: Dec., 701-703
- Air spaces, of ear, CT of, 1984: Mar., 10, 13
- Albers-Schönberg disease, on pediatric chest radiographs, 1984: Sept., 729, 731
- Alimentary tract, radiology of, symposium on, 1982: Dec., 611-837
- Alpha-fetoprotein, anencephaly and, 1982: June 288
- in diagnosing neural tube defects, 1982: June, 293-294
- Alveolitis, bronchoalveolar lavage to detect, 1983: Dec., 671-674
- idiopathic pulmonary fibrosis and, 1983: Dec., 668
- use of term, 1983: Dec., 684
- Ampaque. *See* Metrizamide
- Amniocentesis, cord insertion site, 1982: June, 359-360
- Amniotic band syndrome, confused with anencephaly, 1982: June, 289
- Amniotic membrane, sonographic appearance of, 1982: June, 265-266
- Amyloidosis, affecting thoracic cage, 1984: Sept., 512
- Analog-to-digital conversion, 1983: Dec., 655-657
- Anemia, as cause of dyspnea, 1984: Sept., 463
- sickle cell, on pediatric chest radiographs, 1984: Sept., 726-727
- Anencephaly, sonographic diagnosis of, 1982: June, 288-289
- Aneurysm(s), abdominal aortic, aortography in diagnosis of, 1983: Sept., 563-564
- CT in diagnosis of, 1983: Sept., 564-566
- ruptured, CT detection of, 1983: Sept., 566-567
- sonography in diagnosis of, 1983: Sept., 564
- aortic, 1984: Sept., 640-641, 642
- cavernous, of sella, 1984: Mar., 196, 201
- CT of, 1983: Dec., 752
- dissecting aortic, on magnetic resonance scans, 1984: Dec., 842
- giant, dynamic CT scanning, 1982: Mar., 27
- in brain, on magnetic resonance scans, 1984: Dec., 783
- of renal artery, CT detection of, 1984: June, 311
- subarachnoid hemorrhage, 1982: Mar., 90-93
- thoracic, 1984: Sept., 640-641, 642
- thoracic aortic, CT scanning of, 1983: Sept., 551-553
- Angiofibroma, juvenile, and skull base, 1984: Mar., 209, 212
- Angiographic catheter, and drainage of abscess, 1983: Sept., 451
- Angiography, balloon occlusion pulmonary, of adult respiratory distress syndrome, 1983: Dec., 703-707
- digital subtraction. *See* Digital subtraction angiography
- interventional, in treatment of metastases, 1982: Sept., 591-600
- bladder, 1982: Sept., 597-599
- bone, 1982: Sept., 597
- hepatic, 1982: Sept., 592-595
- melanoma, 1982: Sept., 599
- renal, 1982: Sept., 595-597
- of cervical neurogenic tumors, 1984: Mar., 237
- of pulmonary embolism, 1983: Dec., 765, 768
- Angiomatosis, cystic, affecting thoracic cage, 1984: Sept., 513, 514
- Angiomyolipoma, renal, CT of, 1984: June, 303-304
- MRI of, 1984: Dec., 931-932
- Angioplasty, percutaneous transluminal renal. *See* Percutaneous transluminal renal angioplasty
- Angiotensin-converting enzyme, evaluation of sarcoidosis and, 1983: Dec., 676-677
- Ankylosing spondylitis, spinal stenosis and, 1983: June, 317
- Annulus fibrosus, bulging, 1983: June, 265, 275, 289-300
- CT findings, 1983: June, 293-298
- herniated nucleus pulposus and, 1983: June, 294-298
- Anomalies, midline, brain and spine, 1982: Mar., 95-104
- spine, congenital, 1982: Mar., 202, 205
- Aorta, abdominal, aneurysm of, aortography in diagnosis of, 1983: Sept., 563-564
- CT in diagnosis of, 1983: Sept., 564-566

- ruptured, CT detection of, 1983: Sept., 566-567
 sonography in diagnosis of, 1983: Sept., 564
 grafted, CT evaluation of, 1983: Sept., 567-571
 descending, aneurysms of, 1984: Sept., 640-641, 642
 tethering of on dilated esophagus, 1984: Sept., 596
 disease of, CT of, 1983: Dec., 751-753
 and ultrasonography of, 1983: Sept., 551-574
 on lateral chest radiograph, 1984: Sept., 690, 691
 postoperative complications in, CT of, 1983: Sept., 560, 562
 thoracic, aneurysm of, CT of, 1983: Sept., 551-553
 dissection of, 1983: Sept., 553-559
 classifications of, 1983: Sept., 555
 CT of, 1983: Sept., 556, 558-559
 on magnetic resonance scans, 1984: Dec., 842
 radiographic findings of, 1983: Sept., 555-556
 transection of, imaging of, 1983: Sept., 559-560
 Aortic aneurysm(s), 1984: Sept., 640-641, 642
 Aortic arch, tethering of on dilated esophagus, 1984: Sept., 594, 595-596
 Aphthous ulcers, 1982: Dec., 730
 Aplasia, of thymus, 1984: Sept., 526, 528
 Appendix, abscess of, in pediatric patient, ultrasonography of, 1983: Sept., 529-530
 Aqueducts, vestibular and cochlear, CT of, 1984: Mar., 12
 Arachnoid cysts, 1984: Mar., 180, 183
 CT of, 1984: Mar., 87, 89
 Arachnoiditis, CT of, 1983: June, 417, 418
 ARDS. See *Adult respiratory distress syndrome*.
 Arnold-Chiari malformation, 1984: Mar., 184, 185
 on magnetic resonance scans, 1984: Dec., 789
 Arteriography. See *Angiography*.
 digital subtraction. See *Digital subtraction arteriography*.
 Arteriovenous malformation(s), in brain, on magnetic resonance scans, 1984: Dec., 783, 784
 pulmonary manifestations of, 1984: Sept., 677, 678
 renal, transcatheter embolization for, 1984: June, 389
 Arteritis, Takayasu's, of renal arteries, percutaneous transluminal angioplasty for, 1984: June, 384
 Artery(ies). See under specific artery.
 Arthritis(ides), affecting thoracic cage, 1984: Sept., 502-503
 rheumatoid, affecting thoracic cage, 1984: Sept., 502
 Arthrodesis, spinal, 1983: June, 387-388
 failures, 1983: June, 388, 390
 Arthropathies, of thoracic cage, 1984: Sept., 502-503
 Aryepiglottic folds, CT anatomy of, 1984: Mar., 255-257
 Arytenoid cartilage, CT anatomy of, 1984: Mar., 253, 256, 259, 261
 Ascites, CT of, 1984: Sept., 629
 fetal, sonographic appearance of, 1982: June, 308
 pancreatic, 1983: Sept., 511
 Ascitic fluid, spread of tumor and, 1982: Sept., 503-505
 Aspiration, chronic, disorders predisposing to, 1984: Sept., 679-682
 needle, diagnostic, and intra-abdominal collection of fluid, 1983: Sept., 439, 441, 442
 method of, 1983: Sept., 449
 Aspiration biopsy, of solitary pulmonary nodule, 1983: Dec., 713-714
 of spinal lesions, 1982: Sept., 569, 570
 Astrocytoma, cystic, of spinal cord, detection of with MRI, 1984: Dec., 809, 815
 Ataxia-telangiectasia, thoracic manifestations of, 1984: Sept., 752-754
 Atelectasis, effect of pulmonary ligament on, 1984: Sept., 663-666
 Atlantoaxial subluxation, demonstration of on magnetic resonance scans, 1984: Dec., 809, 813
 Atresia, esophageal, sonographic diagnosis of, 1982: June, 302
 Atrial septal defect, MRI of, 1984: Dec., 852
 Auditory canal, external, CT of, 1984: Mar., 7, 8
 internal, CT of, 1984: Mar., 11, 12
 lesions of, CT of, 1984: Mar., 78-90
 Avulsion, of nerve roots, CT of, 1983: June, 356-357, 359
 Azotemia, sonographic evaluation of, 1984: June, 322-325
 Azygos knob, radiographic appearance of, 1984: Sept., 479, 480
 Azygos vein, on lateral chest radiograph, 1984: Sept., 689, 690, 692
 tethering of on dilated esophagus, 1984: Sept., 595, 597-598, 599-601
 Balloon occlusion pulmonary angiography, of adult respiratory distress syndrome, 1983: Dec., 703-707
 Barium pool, 1982: Dec., 679, 680
 BCDDP. See *Breast Cancer Detection Demonstration Project*.
 Behçet's syndrome, 1982: Dec., 801, 802
 pulmonary involvement in, 1984: Sept., 674
 BERA, 1984: Mar., 54
 β -HCG radioimmunoassay, and differential diagnosis of vaginal bleeding in first trimester of pregnancy, 1983: Sept., 587-589
 Bile duct, gas in, 1982: Dec., 829
 Binswanger's disease, diagnosis of on magnetic resonance scans, 1984: Dec., 785
 Biopsy. See also specific sites and techniques.
 aspiration, of solitary pulmonary nodule, 1983: Dec., 713-714
 of spinal lesions, 1982: Sept., 569, 570
 percutaneous needle, 1982: Sept., 569-590
 of abdominal lesions, 1982: Sept., 576-581
 of bone and soft tissue, 1982: Sept., 581-586
 of thoracic lesions, 1982: Sept., 571-576
 fluoroscopy and, 1982: Sept., 571, 572
 spinal, 1982: Sept., 569, 570
 transabdominal, 1982: Sept., 576-581
 transthoracic, 1982: Sept., 571-576
 BIP. See *Pneumonitis, interstitial with bronchiolitis obliterans*.
 Biparietal diameter, fetal, intrauterine growth retardation and, 1982: June, 339
 sonographic determination of, 1982: June, 329-330
 vs. femoral length, for determination of gestational age, 1982: June, 317
 Biphasic examination, peptic ulcers and, 1982: Dec., 701-720
 Birth weight, ultrasound in prediction of, 1982: June, 341, 345-349
 Bladder, carcinoma of, CT of, 1982: Sept., 521, 522
 interventional angiography in, 1982: Sept., 597, 598
 lymphangiography of, 1982: Sept., 521
 MRI of, 1984: Dec., 901, 902, 903
 fetal, normal, sonographic appearance of, 1982: June, 281
 pathologic conditions of, MRI of, 1984: Dec., 901, 902, 903
 urine in, appearance of on magnetic resonance scans, 1984: Dec., 899-900
 Bladder outlet obstruction, due to prostate enlargement, MRI of, 1984: Dec., 903, 906
 MRI of, 1984: Dec., 902, 906
 Blastomycosis, affecting thoracic cage, 1984: Sept., 500
 Bleeding. See *Hemorrhage*.
 Blood, in brain, appearance of on magnetic resonance scans, 1984: Dec., 779, 780, 781

- Blood flow, renal, decrease of, procedure for, 1984: June, 386-390
 increase of, procedures for, 1984: June, 381-386
- Boerhaave's syndrome, 1984: Sept., 611-612
- Bone(s), biopsy of, percutaneous, 1982: Sept., 581-586
 selection of patients for, 1982: Sept., 583-586
- cortical, appearance of on magnetic resonance scans, 1984: Dec., 898-899
- disorders of. See names of disorders.
- dysplasia of, in short limbs, 1982: June, 317-319
- fetal, ultrasound examination of, 1982: June, 311-323
- fragments of, displaced, CT of, 1983: June, 329, 330
- metastases, 1982: Sept., 545-560
 architectural changes in, 1982: Sept., 546
 interventional angiography in, 1982: Sept., 597
 osteoblastic, 1982: Sept., 546, 548
 osteolytic, 1982: Sept., 546
 pathologic fractures and, 1982: Sept., 552
 periosteal, 1982: Sept., 549
 radiographic evaluation of, 1982: Sept., 546-550
 healing and, 1982: Sept., 554
 radionuclide scanning of, 1982: Sept., 550-552
 nonspecificity of, 1982: Sept., 550
 scintigraphy and radiography compared, 1982: Sept., 559, 560
- Bone marrow, appearance of on magnetic resonance scans, 1984: Dec., 899
- Bowel, gas in, appearance of on magnetic resonance scans, 1984: Dec., 899
- loops of, separation of, CT evaluation of, 1982: Dec., 783, 784
- obstruction of, sonographic diagnosis of, 1982: June, 302-303
- trauma to, 1983: Sept., 470
- Brain, aneurysms in, on magnetic resonance scans, 1984: Dec., 783
- anomalies of, 1982: Mar., 95-100
- arteriovenous malformations in, on magnetic resonance scans, 1984: Dec., 783, 784
- atrophy of, on magnetic resonance scans, 1984: Dec., 789
- blood in, appearance of on magnetic resonance scans, 1984: Dec., 779, 780, 781
- congenital and inherited disorders of, on magnetic resonance scans, 1984: Dec., 789
- degenerative disease of, diagnosis of by CT, 1982: Mar., 169-183
- demyelinating disease of, diagnosis of with magnetic resonance imaging, 1984: Dec., 784-785
- fetal, normal, sonographic appearance of, 1982: June, 285-288
 pathology of, sonographic diagnosis of, 1982: June, 285-293
- gray matter of, appearance of on magnetic resonance scans, 1984: Dec., 779, 780, 781
 white matter and, contrast between on magnetic resonance scans, 1984: Dec., 784
- in children, contrast between gray and white matter in on magnetic resonance scans, 1984: Dec., 789-790
- MRI of, 1984: Dec., 789-791
- infections of, on magnetic resonance scans, 1984: Dec., 783-784
- metastases to, from malignant melanoma, 1984: Dec., 787
- MRI of, 1984: Dec., 779-793
 interpretation of, 1984: Dec., 780-781
- normal, MRI of, 1984: Dec., 779-780
 inversion-recovery, 1984: Dec., 780, 781
 partial-saturation, 1984: Dec., 779-780
 spin-echo, 1984: Dec., 780-781
- periventricular marginal lesions of, in hypertension, on magnetic resonance scans, 1984: Dec., 782
- tumors of, diagnosis of with MRI, 1984: Dec., 786-788
- white matter of, appearance of on magnetic resonance scans, 1984: Dec., 779, 780, 781
 gray matter and, contrast between on magnetic resonance scans, 1984: Dec., 784
- Brainstem, cystic glioma of, 1984: Mar., 57-59
- Brainstem electric response audiometry, 1984: Mar., 54
- Branchial cleft cyst, 1984: Mar., 243
- Breast, benign disease of, 1983: Mar., 27-53
 MRI of, 1984: Dec., 864-865
 risk of cancer and, 1983: Mar., 7
 cancer of, 1983: Mar., 51-65
 calcifications in, 1983: Mar., 83
 classification of, 1983: Mar., 13-26
 confusion in, 1983: Mar., 14-17
 technical factors in, 1983: Mar., 23-24
 CT of, 1983: Dec., 737
 detection of with MRI, 1984: Dec., 865, 866, 867
 epidemiologic aspects of, 1983: Mar., 3-12
 interval, 1983: Mar., 115-126
 cancer control window, 1983: Mar., 122, 123, 125
 kinetics in, 1983: Mar., 119-120
 dissemination threshold, 1983: Mar., 122, 123
 minimal, aggressive search for, 1983: Mar., 99
 physical examination in, 1983: Mar., 100
 radiographic signs of, 1983: Mar., 100, 103, 106-110
 reduction of mortality, 1983: Mar., 99
 redux, 1983: Mar., 93-113
 parenchymal pattern on mammogram, 1983: Mar., 7, 8, 88, 127-136
 primary radiologic signs of, 1983: Mar., 53-55
 radiation and, 1983: Mar., 8, 172, 176, 177
 secondary radiologic signs of, 1983: Mar., 57-65
- carcinoma of. See *Breast, cancer of.*
- chronic abscess of, MRI of, 1984: Dec., 864
- cystic hyperplasia of, identification of on magnetic resonance scans, 1984: Dec., 861, 862-863, 866
- cystosarcoma phylloides of, 1983: Mar., 33, 35, 67
- cysts of, identification of on magnetic resonance scans, 1984: Dec., 861, 862-863, 865-866
- sebaceous, evaluation of with MRI, 1984: Dec., 864-865
- dracunculiasis of, 1983: Mar., 73
- dysplasia of, MRI of, 1984: Dec., 860-861, 866
- fat necrosis of, 1983: Mar., 38-39, 69
- fibroadenolipoma of, 1983: Mar., 37-38
- fibroadenoma of, 1983: Mar., 30-33
 calcified, visualization of on magnetic resonance scans, 1984: Dec., 864
 juvenile, 1983: Mar., 33
 lack of visualization of on magnetic resonance scans, 1984: Dec., 861, 864
- filariasis of, 1983: Mar., 72
- hamartoma of, 1983: Mar., 67-68
- hematoma of, 1983: Mar., 40
- hydatid disease of, 1983: Mar., 72
- imaging of, 1983: Mar., 149-153
- inflammation of, 1983: Mar., 40-41
- intraductal papilloma of, 1983: Mar., 35-36
- lesions of, localization of, 1983: Mar., 155-171
 arc method, 1983: Mar., 157-159
 linear method, 1983: Mar., 155-157
 needle insertion, 1983: Mar., 159, 165, 169
 unusual, 1983: Mar., 67-80, 155-171

 future applications of, 1984: Dec., 922-924
- Face, fractures of, classification of, 1984: Mar., 131-132
 CT of, 1984: Mar., 133-142
- Facial nerve, acoustic tumors and, CT in, 1984: Mar., 73-74

- Facial nerve canal, CT of, 1984: Mar., 9, 10, 14
erosion of, with cholesteatomas, 1984: Mar., 29
tumors of, 1984: Mar., 98, 100
- Fat necrosis, in breast, 1983: Mar., 38-39, 69
- Femur, distal, osteogenic sarcoma of, MRI of, 1984: Dec., 920
fetal, length of, vs. biparietal diameter, for determination of gestational age, 1982: June, 317
head of, avascular necrosis of, MRI of, 1984: Dec., 922
- Fetal pole, sonographic appearance of, 1982: June, 262-264
- Fetus, abdomen of, anomalies of, sonographic appearance of, 1982: June, 297-310
normal, sonographic appearance of, 1982: June, 274-283
circulatory system of, 1982: June, 277
edema in, sonographic appearance of, 1982: June, 298
heart of, sonographic appearance of, 1982: June, 272-274, 299
intrauterine growth retardation, 1982: June, 335-351
normal anatomy of, sonographic appearance of, 1982: June, 271-284
position of, normal, 1982: June, 271-272
skeleton of, ultrasound examination of, 1984: June, 311-323
- Fibroadenolipoma, of breast, 1983: Mar., 37-38
- Fibroadenoma, of breast, 1983: Mar., 30-31
calcified, visualization of on magnetic resonance scans, 1984: Dec., 864
juvenile, 1983: Mar., 33
lack of visualization of on magnetic resonance scans, 1984: Dec., 861, 864
- Fibrocystic disease, 1983: Mar., 27-29
radiographic appearance of, 1983: Mar., 29
- Fibroids, uterine, MRI of, 1984: Dec., 907, 908, 909
- Fibroma, chondromyxoid, of skull base, 1984: Mar., 202, 203
ossifying, of paranasal sinuses, 1984: Mar., 120
- Fibrosis, idiopathic pulmonary, and alveolitis, 1983: Dec., 668
pulmonary, associated with scleroderma, 1984: Sept., 675, 676
interstitial, in neurofibromatosis, 1984: Sept., 747-748
- Fibrous dysplasia, of skull base, 1984: Mar., 202, 204
of thoracic cage, 1984: Sept., 513-514
paranasal sinuses and, CT of, 1984: Mar., 120
- Figure "3" sign, coarctation of the aorta and, 1983: Dec., 619
- Filariasis, of breast, 1983: Mar., 72
- Fistula(s), arteriovenous, of kidney, transcatheter embolization for, 1984: June, 389
traumatic, intravenous DSA of, 1984: June, 345
cerebrospinal fluid, 1984: Mar., 211, 215
gastrocolic, peptic ulcer and, 1982: Dec., 714
labyrinthine, with cholesteatomas, 1984: Mar., 28-29, 30
- Fluid, pancreatic collection of, CT of, 1983: Sept., 507, 509
on magnetic resonance scans, 1984: Dec., 872-873
sonography of, 1983: Sept., 427-429, 504-507
limitations of, 1983: Sept., 430-431
peridiaphragmatic collection of, 1984: Sept., 627-630
pleural. *See Pleural fluid.*
- Fluorosis, affecting thoracic cage, 1984: Sept., 506
- Foam stability test, for measuring L/S ratio, 1982: June, 327
- Fossa, posterior, neoplasms of, 1982: Mar., 237-253
renal. *See Renal fossa.*
- Fourier method, of magnetic resonance image reconstruction, 1984: Dec., 769-770
- Fracture(s). *See also specific types and body regions.*
comminuted cervical, CT of, 1983: June, 342-343
compression, of spine, assessment of with MRI, 1984: Dec., 821-822
facial, classification of, 1984: Mar., 131-132
CT of, 1984: Mar., 133-142
Jefferson's, CT of, 1983: June, 342
odontoid, CT of, 1983: June, 334, 336
of cervicothoracic junction, radiographic appearance of, 1984: Sept., 487-490
pathologic, 1982: Sept., 552
posterior arch, CT detection of, 1983: June, 328
shoveler's, 1984: Sept., 491, 493
thoracolumbar junction compression, 1983: June, 333
- Frontal sinus, anatomy of, 1984: Mar., 116, 117
- Gallbladder, calculi in, 1982: Dec., 613, 615-617, 619, 620
fetal, normal, sonographic appearance of, 1982: June, 277-278
focal tenderness and cholecystitis and, 1983: Sept., 480-481
intraluminal changes in, 1983: Sept., 482, 484
nonvisualization of, by ultrasonography, 1983: Sept., 484, 486
size and shape of, in acute cholecystitis, 1983: Sept., 481
sludge, ultrasonographic detection of, 1982: Dec., 617, 618; 1983: Sept., 482, 484
wall changes and acute cholecystitis and, 1983: Sept., 482
- Gallium-67 scanning, of interstitial lung disease, 1983: Dec., 674-675
- Gadolinium chelates, as contrast agents in MRI of brain, 1984: Dec., 786-787
- Ganglia, basal, diseases of, on magnetic resonance scans, 1984: Dec., 788-789
- Gardner's syndrome, affecting thoracic cage, 1984: Sept., 512-513
- Gas, extraluminal, in abdomen, diagnosis and significance of, 1982: Dec., 819-837
- Gastric contents, aspiration of, thoracic manifestations of, 1984: Sept., 585, 587
- Gastric ulcers, radiologic appearances of, 1982: Dec., 704, 705
benign disease and, 1982: Dec., 706
malignant disease and, 1982: Dec., 706, 707
- Gastroesophageal reflux, radionuclide imaging of, 1982: Dec., 648, 649
- Gastrointestinal pathology, thoracic findings in, 1984: Sept., 563-569
- Gastrointestinal studies, double-contrast, barium enema, complementary role with endoscopy, 1982: Dec., 756, 757
detection of polyps and neoplasms with, 1982: Dec., 744-748
incomplete distention in, 1982: Dec., 753
perceptual problems in, 1982: Dec., 755
principles and interpretation of, 1982: Dec., 667-685
appearance of lesions, 1982: Dec., 673, 674, 679
artifacts, 1982: Dec., 680, 682
performance of, 1982: Dec., 667-672
- Gastrointestinal tract, carcinoma of, chest metastases from, 1984: Sept., 578, 585
diseases of, CT evaluation of, 1982: Dec., 781-796

- Gastrointestinal tract (*Continued*)
 fetal, abnormalities of, sonographic diagnosis of, 1982: June, 302-303
 Gaucher's disease, affecting thoracic cage, 1984: Sept., 510
 pulmonary involvement in, 1984: Sept., 675, 677
 Genitalia, fetal, normal, sonographic appearance of, 1982: June, 283
 Genitourinary tract, fetal, abnormalities of, sonographic appearance of, 1982: June, 304-308
 Gestation, anembryonic, of blighted ovum, sonographic appearance of, 1982: June, 267-268
 multiple, sonographic appearance of, 1982: June, 264-265, 363
 Gestational age, determination of, 1982: June, 317, 336-338
 estimation of, in newborn infant, 1982: June, 331-332
 in utero, 1982: June, 325-334
 placental grades and, 1982: June, 357-358
 Gestational sac, sonographic appearance of, 1982: June, 261-262
 GIP. See *Pneumonitis, giant cell interstitial*.
 Glioma, cystic, of brainstem, 1984: Mar., 57-59
 hypothalamic-chiasmatic, 1984: Mar., 196, 201
 Glomerulonephropathy, pulmonary hemorrhage in, 1984: Sept., 673, 674
 Glomus jugulare, 1984: Mar., 188
 Glomus tumor(s). See also *Chemodectomas*.
 at skull base, 1984: Mar., 184, 188, 189-190
 CT evaluation of, 1984: Mar., 73, 87, 90-97
 Glomus tympanicum, 1984: Mar., 90-91
 Glycogen storage disease, hepatic adenoma and, MRI of, 1984: June, 293
 Goiter(s), 1984: Mar., 246, 249
 retrotracheal and retroesophageal, radiographic appearance of, 1984: Sept., 476-478
 substernal, on magnetic resonance scans, 1984: Dec., 837
 Gompertzian curve, cancer growth and, 1983: Mar., 121
 Gorham's syndrome, affecting thoracic cage, 1984: Sept., 513
 Gorlin's syndrome, affecting thoracic cage, 1984: Sept., 513
 Graft, aorta, CT evaluation of, 1983: Sept., 567-571
 Granulomatosis, of larynx, 1984: Mar., 271, 272
 Granulomatous disease, affecting thoracic cage, 1984: Sept., 500-501
 Great vessels, radiographic evaluation of, 1983: Dec., 619
 Cynecomastia, 1983: Mar., 137-138
 causes of, 1983: Mar., 138
 radiographic features of, 1983: Mar., 139-142
 Hamartoma, mammary, 1983: Mar., 67-68
 Hangman's fracture, CT of, 1983: June, 342
 Head, MRI of, contraindications to, 1984: Dec., 802
 Headtome II SPECT system, 1983: Dec., 791-792
 Health Insurance Plan of New York, benefit from screening and, 1983: Mar., 181
 mortality differences in, 1983: Mar., 94-96
 screening program of, 1983: Mar., 93
 Hearing, decrease in, causes of, 1984: Mar., 72, 73
 Heart. See also *Cardiovascular system*.
 adult, MRI of, 1984: Dec., 849, 853-856
 anatomy of, MRI of, 1984: Dec., 848-849, 850
 compared with CT, 1984: Dec., 848
 calcifications in, radiographic detection of, 1983: Dec., 616-617
 congenital defects of, demonstration of by MRI, 1984: Dec., 849, 852-853
 contour of, radiologic analysis of, 1983: Dec., 614-616
 effects of contrast media on, 1984: June, 369-370
 fetal, abnormalities of, sonographic diagnosis of, 1982: June, 299
 normal, sonographic appearance of, 1982: June, 272-274
 malposition of, radiographic appearance, 1983: Dec., 617-618
 MRI of, 1984: Dec., 847-858
 on lateral chest radiograph, 1984: Sept., 688, 694
 pediatric, MRI of, 1984: Dec., 849, 852-853
 size of, radiographic assessment of, 1983: Dec., 611-614
 trauma to, evaluation of by MRI, 1984: Dec., 856
 Heart failure, as cause of dyspnea, 1984: Sept., 463
 Hemangioblastoma, cerebellar, 1984: Mar., 61
 Hemangioma, in liver, MRI of, 1984: Dec., 884, 887
 compared with CT, 1984: Dec., 884, 887
 Hemangiopericytoma, supraglottic, 1984: Mar., 278, 279
 Hematocele, sonographic appearance of, 1983: Sept., 597
 Hematologic disease, malignant, in breast, 1982: Sept., 566, 567
 on pediatric chest radiographs, 1984: Sept., 726-727
 Hematoma, duodenal-jejunal, pediatric imaging of, 1983: Sept., 545-546
 epidural, 1982: Mar., 115, 117-120
 extra-axial, posterior fossa, 1982: Mar., 120
 extradural, postoperative, CT of, 1983: June, 403, 410-411
 of breast, 1983: Mar., 40
 pelvic, MRI of, 1984: Dec., 914
 perirenal, CT examination for, 1984: June, 309, 311
 psaos and retroperitoneal, pediatric imaging of, 1983: Sept., 546, 549
 scrotal, sonographic appearance of, 1983: Sept., 597
 spinal epidural, CT of, 1983: June, 352-353
 spinal subarachnoid, CT of, 1983: June, 355
 subdural, 1982: Mar., 105-115
 Hematomyelia, CT of, 1983: June, 351, 352
 Hematopoietic disorders, affecting thoracic cage, 1984: Sept., 503-505
 Hematuria, evaluation of by renal intravenous DSA, 1984: June, 348, 351
 Hemivertebra, 1984: Sept., 642, 643
 Hemochromatosis, examination of with MRI and CT, 1984: Dec., 888, 889
 on magnetic resonance scans, 1984: Dec., 874
 Hemoglobinopathies, sickle, affecting thoracic cage, 1984: Sept., 503-504
 Hemoperitoneum, CT detection of, 1983: Sept., 462, 464
 Hemorrhage. See also specific organs or parts.
 as complication of percutaneous nephrostomy, 1984: June, 402
 gastrointestinal, detected by scintigraphic methods, 1982: Dec., 644-647
 in brain, in children, on magnetic resonance scans, 1984: Dec., 790
 intracranial, on magnetic resonance scans, 1984: Dec., 783
 sonographic diagnosis of, 1982: June, 293
 intrathymic, 1984: Sept., 532
 peptic ulcer and, 1982: Dec., 714, 717
 pulmonary, associated with glomerulonephropathy, 1984: Sept., 673, 674
 renal, transcatheter embolization for, 1984: June, 386, 389-390
 subarachnoid, 1982: Mar., 87-94
 aneurysm, 1982: Mar., 90-93

- angiography of, role and timing of, 1982: Mar., 91-93
CT of, 1983: June, 353, 355
neuroradiologic approach to, 1982: Mar., 87-94
vaginal, first trimester, differential diagnosis of, 1983: Sept., 587-591
third trimester, sonography of, 1983: Sept., 592-594
placenta previa, 1983: Sept., 593-594
placental abruption, 1983: Sept., 592-593
Hepatic artery, embolization of, 1982: Sept., 593-595
infusion of, 1982: Sept., 593
Hepatitis, granulomatous, on magnetic resonance scans, as indistinguishable from neoplasms, 1984: Dec., 884, 886
Hepatobiliary system, fetal, normal, sonographic appearance of, 1982: June, 275-277
Hernia(s), Bochdalek, 1984: Sept., 618-619, 621
diaphragmatic, 1984: Sept., 618-619, 620-621
fatty, in mediastinum, 1984: Sept., 635, 636-637
traumatic, thoracic manifestations of, 1984: Sept., 576, 582
hiatal, congenital, 1984: Sept., 619, 621
thoracic manifestations of, 1984: Sept., 569, 573-574
Morgagni, 1984: Sept., 618-619, 620-621
strangulated scrotal, sonographic appearance of, 1983: Sept., 600-601
Herniated disk. See *Disk(s)*, *herniation of*.
Hexabrix. See *Ioxaglate*.
Hickman catheter, compromised, radiologic appearance of, 1984: Sept., 709
Hilum(a), pulmonary, CT of, 1983: Dec., 731-732
masses in, detection of with MRI, 1984: Dec., 831, 835-841
renal. See *Renal hilum*.
Hilum overlay sign, 1984: Sept., 478
Hindbrain, circulation disorder in, 1984: Mar., 59-60
HIP. See *Health Insurance Plan of New York*.
Histamine, effect of urographic contrast media on, 1984: June, 370
Histiocytosis, affecting thoracic cage, 1984: Sept., 500-501
Holocephalus, sonographic diagnosis of, 1982: June, 292
Homocystinuria, affecting thoracic cage, 1984: Sept., 510
Honeycomb lung, roentgenographic appearance of, 1983: Dec., 686-688
Hormonal disorders, affecting thoracic cage, 1984: Sept., 506-509
Huntington's chorea, on magnetic resonance scans, 1984: Dec., 788-789
Hydatid disease, of breast, 1983: Mar., 72
Hydatidiform mole, from blighted ovum, sonographic appearance of, 1982: June, 268
Hydranephrosis, sonographic diagnosis of, 1982: June, 292
Hydrocele, sonographic diagnosis of, 1982: June, 308
Hydrocephalus, assessment of with MRI, 1984: Dec., 785-786
effect of shunt therapy on brain parenchyma, 1982: Mar., 155, 157
effect on brain parenchyma, 1982: Mar., 152-155
effect on skull and dura, 1982: Mar., 151, 152
evaluation by CT, 1982: Mar., 143-167
cerebrospinal fluid flow, 1982: Mar., 144, 145, 149
functional, 1982: Mar., 149, 151
shunt systems, 1982: Mar., 158-163
sonographic diagnosis of, 1982: June, 289-291
Hydronephrosis, fetal, sonographic diagnosis of, 1982: June, 306
neonatal, sonographic evaluation of, 1984: June, 326-327
obstructive, loss of corticomedullary junction in on MRI, 1984: Dec., 934
Hygroma(s), cystic, of neck, 1984: Mar., 243-244
CT and magnetic resonance scans of, 1984: Dec., 844, 845
sonographic appearance of, 1982: June, 298
Hypaque. See *Diatrizoate*.
Hypercorticism, affecting thoracic cage, 1984: Sept., 507
Hyperostosis, diffuse idiopathic skeletal, spinal stenosis and, 1983: June, 320
Hyperparathyroidism, affecting thoracic cage, 1984: Sept., 508-509
Hyperplasia, adrenal, on magnetic resonance scans, 1984: Dec., 893
benign nodular, of prostate, MRI of, 1984: Dec., 903, 905
cystic, of breast, identification of, on magnetic resonance scans, 1984: Dec., 861, 862-863, 866
of thymus, 1984: Sept., 528-529
CT of, 1984: Sept., 529, 533-534
pituitary, secondary to hypothyroidism, on magnetic resonance scan, 1984: Dec., 800
Hypertension, adult, optimization of work-up of, for renal artery stenosis, 1984: June, 333-339
digital subtraction angiography in, patient selection for, 1984: June, 336-338
investigation of, by renal intravenous DSA, 1984: June, 345-350
renovascular, identification and treatment of, comparison of costs for, 1984: June, 348, 349-350
urography in, for detection of renal artery stenosis, 1984: June, 334-335
Hyperthyroidism, acute, affecting thoracic cage, 1984: Sept., 506
as cause of dyspnea, 1984: Sept., 463-464
Hypoparathyroidism, affecting thoracic cage, 1984: Sept., 509
Hypopharynx, magnetic resonance scan of, 1984: Mar., 266
Hypoplasia, of thymus, 1984: Sept., 526, 528
Hypothyroidism, congenital, affecting thoracic cage, 1984: Sept., 506, 508
on pediatric chest radiographs, 1984: Sept., 723, 724
pituitary hyperplasia secondary to, on magnetic resonance scan, 1984: Dec., 800
Hypoventilation, chronic, diseases predisposing to, 1984: Sept., 679-682
Iatrogenic disease, CT of, 1983: Dec., 756-757
Imaging, of breast, 1983: Mar., 149-153
Imaging studies, comparative, review of, and pulmonary lesions, 1983: Dec., 647-650
Immune deficiency diseases, thymic abnormalities and, 1984: Sept., 527
Implantation, of fertilized ovum, sonographic appearance of, 1982: June, 259-261
Incus, CT of, 1984: Mar., 7, 9-10
Indium-111 leukocyte scanning, 1982: Dec., 649, 650
Infant(s). See *Children*.
Infarct, cystic, of liver, MRI of, 1984: Dec., 884, 886
Infarction, renal global, CT of, 1983: Sept., 521, 524
Infection(s), as complication of percutaneous nephrostomy, 1984: June, 402
at skull base, 1984: Mar., 209, 211, 213-214
intracranial, on magnetic resonance scans, 1984: Dec., 783-784

Infection(s) (Continued)

- of intervertebral disks, identification of with MRI, 1984: Dec., 824, 825
- of thoracic cage, 1984: Sept., 498-500
- pulmonary, recurrent, diseases with, 1984: Sept., 677, 679-683
- pyogenic, of sternum and ribs, 1984: Sept., 498-499
- renal, CT of, 1984: June, 307-308
- Inflammation, at skull base, 1984: Mar., 209, 211, 213-214
- Inflammatory disease, of liver. See *Hepatitis*.
- of neck, 1984: Mar., 244-245

contraindications to, 1984: June, 394, 412
for extraction of upper urinary tract calculi, 1984: June, 416-417, 418
for pyonephrosis, 1984: June, 408, 411-412
imaging guidance for, 1984: June, 395
indications for, 1984: June, 393-394
instruments for, 1984: June, 395-402
patient preparation for, 1984: June, 394-395
placement of, for ultrasonic lithotripsy of renal calculi, 1984: June, 428-429
results of, 1984: June, 402
techniques for, 1984: June, 395-402
- Percutaneous transluminal renal angioplasty, 1984: June, 381-386
- Perfusion, pulmonary, SPECT of, 1983: Dec., 792
- Perfusion scintigraphy, of pulmonary embolism, 1983: Dec., 759-761
- Pericardium, acute disease of, CT of, 1983: Dec., 755-756
on lateral chest radiograph, 1984: Sept., 693-694
- Pericholecystic fluid collections, in acute cholecystitis, 1983: Sept., 482
- Peridiaphragmatic regions, fluid collection in, 1984: Sept., 627-630
- Petrositis, apical, CT of, 1984: Mar., 87, 90
- Petrous bone, cerebellopontine angle, 1982: Mar., 77, 85
CT evaluation of, 1982: Mar., 69, 75
epidermoid of, 1984: Mar., 85, 88-89
pathology of, 1982: Mar., 75, 77
temporal, 1982: Mar., 67-86
- Phlegmon, pancreatic, 1982: Dec., 657
CT evaluation of, 1983: Sept., 509, 511
- Pinna, CT of, 1984: Mar., 7, 8
- Pituitary gland, abnormal, MRI of, 1984: Dec., 798-802
adenoma of, 1984: Mar., 196, 198-199
evaluation of with MRI, 1984: Dec., 798, 799-802
hypodense, evaluation of with MRI, vs. CT, 1984: Dec., 800-801
hyperplasia of, secondary to hypothyroidism, on magnetic resonance scan, 1984: Dec., 800
MRI of, 1984: Dec., 795-803
normal, MRI of, 1984: Dec., 795-798
tissue characterizations of, on MRI, 1984: Dec., 796, 797-798
tumors of, evaluation of with MRI, 1984: Dec., 798-802
- Placenta, development of, sonographic appearance of, 1982: June, 265
ultrasound evaluation of, 1982: June, 353-365
- Placenta previa, 1982: June, 360-362
sonography of, 1983: Sept., 593-594
- Placental abruption, sonography of, 1983: Sept., 592-593
- Placental grading, 1982: June, 353-365
- Pleura, disease of, CT of, 1983: Dec., 741-742
detection of with MRI, 1984: Dec., 839, 841, 842, 845
on lateral chest radiograph, 1984: Sept., 694, 696
- Pleural effusion, massive right, with retrocardiac herniation of pleural sac, 1984: Sept., 645
- Pleural fluid, CT of, 1984: Sept., 629
detection of, with MRI, 1984: Dec., 839, 841, 842, 845
effect of pulmonary ligament on, 1984: Sept., 666-669
ultrasound of, 1984: Sept., 630
- Pleural sac, retrocardiac herniation of, massive right pleural effusion with, 1984: Sept., 645
- Pneumatocele, traumatic, of pulmonary ligament, 1984: Sept., 642-645
- Pneumotosis cystoides coli, 1982: Dec., 822, 824
- Pneumotosis intestinalis, linear, 1982: Dec., 824, 826, 827
- Pneumocisternomeatography, CT, of vestibulocochlear nerves, 1984: Mar., 45-47, 55, 57
- Pneumonia, acute lupus erythematosus, 1984: Sept., 675
chronic eosinophilic, 1983: Dec., 695-696
- Pneumonitis, desquamative interstitial, and progression to end-stage lung disease, 1983: Dec., 690, 692
giant cell interstitial, 1983: Dec., 685

- interstitial with bronchiolitis obliterans, 1983: Dec., 685
- lupus, 1983: Dec., 694
- lymphocytic interstitial, and progression to end-stage lung disease, 1983: Dec., 692-693
- usual interstitial, and progression to end-stage lung disease, 1983: Dec., 688, 690
- Pneumoperitoneum, causes of, 1982: Dec., 819-822
- Pneumothorax, effect of pulmonary ligament on, 1984: Sept., 663
- Polydactyly, sonographic diagnosis of, 1982: June, 321
- Polypoid lesions, appearance in double-contrast studies, 1982: Dec., 673, 674
- Polyps, colorectal, diagnosis of, 1982: Dec., 746
- radiologic detection of, 1982: Dec., 744-748
- size and histologic type of, 1982: Dec., 746, 747
- inflammatory, in colitis, 1982: Dec., 800, 801
- Pons, anatomy of, 1984: Mar., 49-50
- Portal venous gas, 1982: Dec., 827, 828
- Positron emission tomography, clinical aspects of, 1982: Mar., 9-14
- Potter's syndrome, sonographic diagnosis of, 1982: June, 304-306
- Pre-epiglottic space, CT anatomy of, 1984: Mar., 253, 254-255
- Pregnancy, ectopic, β -HCG determination in, 1983: Sept., 589
- laparoscopy in, 1982: June, 393
- sonographic appearance, 1982: June, 269, 383-385; 1983: Sept., 589-590
- first trimester of, ultrasound in, 1982: June, 259-270
- in presence of intrauterine device, ultrasonographic appearance of, 1982: June, 266-267
- intrauterine, normal, sonographic observation of, 1983: Sept., 588-589
- multiple, sonographic appearance of, 1982: June, 264-265, 363
- nonviable, sonography of, 1983: Sept., 591
- pelvic inflammatory disease and, 1982: June, 379
- Pregnancy tests, 1982: June, 385-386
- Proctitis, gonococcal, 1982: Dec., 805
- Prostate, benign nodular hyperplasia of, MRI of, 1984: Dec., 903, 905
- carcinoma of, CT of, Sept., 1982: 524
- lymphangiography of, 1982: Sept., 523, 524
- MRI of, 1984: Dec., 902-903, 904-905
- hypertrophy of, benign, MRI of, 1984: Dec., 903, 906
- normal, MRI of, 1984: Dec., 899, 900
- pathologic conditions of, MRI of, 1984: Dec., 902-906, 907
- Prostatitis, chronic, MRI of, 1984: Dec., 903
- Pseudocyst(s), in pancreatitis, on magnetic resonance scans, 1984: Dec., 872, 873
- mediastinal pancreatic, 1984: Sept., 639
- pancreatic, 1982: Dec., 654
- CT of, 1983: Sept., 507, 509
- and patient management, 1982: Dec., 661, 663
- sonography of, 1983: Sept., 504-507
- "Pseudodisk," 1983: June, 282, 283-284
- Pseudodiverticulosis, intramural, radiologic appearance of, 1982: Dec., 695
- Pseudomeningoceles, CT of, 1983: June, 357
- postlaminectomy, CT of, 1983: June, 412
- Pterygopalatine fossa, anatomy of, 1984: Mar., 161-164
- PTRA. See Percutaneous transluminal renal angioplasty.

- Renal artery(ies) (*Continued*)
 occlusion of, intra-arterial thrombolysis for, 1984: June, 385, 386
 stenosis of, atherosclerotic, percutaneous transluminal angioplasty of, 1984: June, 382
 in hypertension, urographic detection of, 1984: June, 334-335
 intra-arterial thrombolysis and transluminal angioplasty for, 1984: June, 385
 intravenous DSA of, 1984: June, 347, 349
 optimization of work-up of adult hypertensive patient for, 1984: June, 333-339
 screening for with digital subtraction arteriography, caution about, 1984: June, 335-336
 Takayasu's arteritis of, percutaneous transluminal angioplasty for, 1984: June, 384
 thrombosis of, transcatheter thromboembolism for, 1984: June, 386
 Renal blood flow, decrease of, procedure for, 1984: June, 386-390
 increase of, procedures for, 1984: June, 381-386
 Renal calculus(i). See *Calculus(i), renal*.
 Renal cyst(s). See *Cyst(s), renal*.
 Renal disease, corticomedullary junction as pathophysiologic indicator of, on MRI, 1984: Dec., 933-936
 intrinsic, sonographic monitoring of, 1984: June, 324-325
 polycystic, CT of, 1984: June, 299, 302
 MRI of, 1984: June, 292, 294
 pulmonary manifestations of, 1984: Sept., 647-658
 Renal failure, sonography of, in pediatric patients, 1983: Sept., 538-542
 Renal fossa, imaging and intervention of, symposium on, 1984: June, 287-455
 interventional angiography of, 1984: June, 381-382
 Renal functional imaging, 1984: June, 359-360
 Renal hilum, pathology of, MRI of, 1984: June, 290-292
 Renal infarction, CT of, 1983: Sept., 521, 524
 Renal mass(es), evaluation of by intravenous DSA, 1984: June, 348, 351, 352
 in children, sonographic evaluation of, 1984: June, 325-328
 MRI of, 1984: June, 291-295; Dec., 928-933
 neonatal, sonographic evaluation of, 1984: June, 326-327
 solid, MRI of, 1984: Dec., 930-933
 sonographic diagnosis of, 1984: June, 318-320
 sonographic characterization of, 1984: June, 316-322
 vs. simple renal cyst, sonographic diagnosis of, 1984: June, 316-318
 Renal osteodystrophy, on pediatric chest radiographs, 1984: Sept., 723, 725
 Renal parenchymal disease, ultrasonography of, 1983: Sept., 515-516
 Renal pelvis, calculi in, CT of, 1984: June, 310
 percutaneous extraction of, 1984: June, 418
 masses in, CT examination of, 1984: June, 309-311
 transitional cell carcinoma of, CT of, 1984: June, 309, 310
 Renal transplantation, intravenous DSA for donor and recipient evaluation for, 1984: June, 351-355
 pelvic infections and, 1982: June, 376-379
 Renal vasculature, intravenous DSA evaluation of after interventional therapy, 1984: June, 353, 356
 Renal vein thrombosis, CT and sonography of, 1983: Sept., 524
 Renogram. See *Diatrizoate*.
 Respiratory distress syndrome, adult. See *Adult respiratory distress syndrome*.
 Retention cyst, mucous, supraglottic, 1984: Mar., 271
 Retroperitoneal abscess, catheter drainage of, 1983: Sept., 456
 Retroperitoneal and pelvic nodes, lymphangiography of, 1982: Sept., 511-529
 CT and, 1982: Sept., 513-515
 Rheumatoid lung, end-stage lung disease and, 1983: Dec., 694
 Rib(s). See also *Thoracic cage*.
 cervical, 1984: Sept., 488, 495
 intrathoracic, 1984: Sept., 475
 involvement of in sarcoidosis, 1984: Sept., 501
 on lateral chest radiograph, 1984: Sept., 688-690
 pyogenic infections of, 1984: Sept., 498-499
 syphilis affecting, 1984: Sept., 500
 Rickets, of thoracic cage, 1984: Sept., 505-507
 on pediatric chest radiographs, 1984: Sept., 723, 725
 Sacrum, CT scanning of, 1983: June, 219-220
 Salivary glands, CT of, 1984: Mar., 145-159
 masses in, 1983: Mar., 148, 151-154
 Sarcoidosis, gallium-67 scanning of, 1983: Dec., 675
 interstitial lung disease and, 1983: Dec., 668-669
 rib involvement in, 1984: Sept., 501
 Sarcoma, breast, 1983: Mar., 74-76
 of nerve sheath, 1984: Mar., 196, 197
 osteogenic, MRI of, 1984: Dec., 919
 of distal femur, MRI of, 1984: Dec., 920
 ovarian, MRI of, 1984: Dec., 910, 912
 Scalp, CT of, 1984: Mar., 7, 8
 Scar tissue, spinal, CT detection of, 1983: June, 200
 Schmorl's nodes, 1983: June, 237
 Schwannoma(s), of carotid space, vs. paragangliomas, 1984: Mar., 226-237
 of tenth and twelfth cranial nerves, 1984: Mar., 187
 vagal, of carotid space, 1984: Mar., 225, 226
 Scleroderma, pulmonary fibrosis associated with, 1984: Sept., 675, 676
 thoracic manifestations of, 1984: Sept., 578, 585
 Sclerosis, progressive systemic, affecting thoracic cage, 1984: Sept., 501-502
 progression to end-stage lung disease and, 1983: Dec., 694
 thoracic manifestations of, 1984: Sept., 578, 585
 tuberculous, affecting thoracic cage, 1984: Sept., 515
 thoracic manifestations of, 1984: Sept., 749-752
 Scoliosis, on pediatric chest radiographs, 1984: Sept., 738-739
 radiographic detection of, 1984: Sept., 491, 493
 Scrotum, abnormalities of, acute, sonography of, 1983: Sept., 595-603
 hernia of, strangulated, sonographic appearance of, 1983: Sept., 600-601
 Sella, CT of, 1982: Mar., 207-236
 direct coronal positioning, 1982: Mar., 208, 209
 empty, 1984: Mar., 196, 202
 lesions of, 1984: Mar., 196, 198-202
 pathology of, 1982: Mar., 216, 222-226, 233
 pituitary gland, abnormal, 1982: Mar., 215, 216
 Sella turcica, dynamic CT scanning of, 1982: Mar., 27, 30
 Semicircular canals, CT of, 1984: Mar., 11, 12
 Shake test, for measuring L/S ratio, 1982: June, 327
 Shoveler's fracture, 1984: Sept., 491, 493
 Sialosis, 1984: Mar., 154-156

 giant, 1982: Dec., 708, 710
 gastric. See *Gastric ulcers*.
 peptic. See *Peptic ulcer(s)*.
 rectal, 1982: Dec., 810, 811
- Ulcer crater, collection of barium and, 1982: Dec., 679, 704, 705
 features in benign and malignant disease, 1982: Dec., 706
- Ultrasonography. See also *Sonography*.
 acute cholecystitis and, 1983: Sept., 479-486
 cholelithiasis and, 1983: Sept., 479-480
 focal gallbladder tenderness and, 1983: Sept., 480-481
 gallbladder size and shape and, 1983: Sept., 481
 gallbladder wall changes and, 1983: Sept., 482
 intraluminal changes in, 1983: Sept., 482, 484
 pericholecystic fluid collections and, 1983: Sept., 482
 for detection of solid renal masses, 1984: June, 318-320
 for diagnosis of renal obstruction, 1984: June, 322-324
 for evaluation of azotemia, 1984: June, 322-325
 for evaluation of fetal kidneys, 1984: June, 328
 for evaluation of renal collection system masses, 1984: June, 318-319, 320, 321
 for evaluation of renal masses in children, 1984: June, 325-328
 for evaluation of unilateral nonvisualized kidney, 1984: June, 325
 for monitoring of intrinsic renal disease, 1984: June, 324-325
 in obstetrics and gynecology, symposium on, 1982: June, 259-412
 nonvisualization of gallbladder, 1983: Sept., 484, 486
 of intra-abdominal abscesses, 1983: Sept., 426-433
 of neonatal renal masses, 1984: June, 326-327
 of pleural fluid, 1984: Sept., 630
 of thymic abnormalities, 1984: Sept., 535
 renal, indications for, 1984: June, 315-316
 practical overview of, 1984: June, 315-332
 renal mass characterization by, 1984: June, 316-322
 technique in study of gallbladder, 1982: Dec., 611-614
 biliary tract and, 1982: Dec., 614, 615
- Ultrasound mammography, 1983: Mar., 150
- Umbilical cord, sonographic appearance of, 1982: June, 283
- Ureter(s), drainage of, long-term, antegrade stenting for, 1984: June, 403-404
 leaks of, percutaneous nephrostomy for, 1984: June, 393-394
 obstruction of, CT of, 1983: Sept., 519; 1984: June, 311-312
 strictures of, percutaneous nephrostomy for, 1984: June, 393-394

- Ureteral pelvic junction, obstruction of, MRI of, 1984: June, 291
- Urinary tract, obstruction of, imaging of, 1983: Sept., 517-518
upper, calculi of, fluoroscopically guided percutaneous extraction of, 1984: June, 415-426
- Urine, in bladder, appearance of on magnetic resonance scans, 1984: Dec., 899-900
- Urinoma, as complication of percutaneous nephrostomy, 1984: June, 402
- Urography, in hypertension, for detection of renal artery stenosis, 1984: June, 334-335
newer contrast agents for, 1984: June, 365-380
with newer low-osmolality contrast media, 1984: June, 372-376
- Uropathy, obstructive, minimal dilatative, 1983: Sept., 518-519
sonography of, 1983: Sept., 515
- Urticaria, colonic, 1982: Dec., 812, 813
- Uterine cervix, carcinoma of, lymphangiography of, 1982: Sept., 515
and CT of, 1982: Sept., 515, 516
- Uterine corpus, carcinoma of, lymphangiography of, 1982: Sept., 517
and CT of, 1982: Sept., 518
- Uterus, anteverted, MRI of, 1984: Dec., 906, 908
carcinoma of, MRI of, 1984: Dec., 907, 909
congenital anomalies of, sonographic appearance of, 1982: June, 269
double, with coexistent pregnancy, sonographic appearance of, 1982: June, 269
fibroids of, MRI of, 1984: Dec., 907, 908, 909
myomas of, MRI of, 1984: Dec., 907, 908, 909
pathologic conditions of, MRI of, 1984: Dec., 906-907, 908-909
postpartum, MRI of, 1984: Dec., 907, 908
septated, 1982: June, 269
tumors of, diagnosis of, 1982: June, 404-406
- "Vacuum disk" phenomenon, 1983: June, 237, 238
- Vascular disease, in mediastinum, evaluation of with MRI, 1984: Dec., 831, 842
- Vascular lesions, CT of, 1983: Dec., 732-736
of lung, CT of, 1983: Dec., 735-736
- Vascular tethering, on dilated esophagus, 1984: Sept., 594-601
- Vein(s). See specific names.
spinal CT scans of, 1983: June, 216-219
- Vena cava, superior, obstruction of, CT of, 1983: Dec., 733-734, 753
- Venous thrombosis, as complication of urographic contrast media injection, 1984: June, 370
in neck, 1984: Mar., 244-245, 246
- Ventricular septal defect, traumatic, evaluation of by MRI, 1984: Dec., 856
- Vertebrae, metastases to, on magnetic resonance scans, 1984: Dec., 816, 821
- Vestibular decruitment, 1984: Mar., 54, 55, 62
- Vestibule, CT of, 1984: Mar., 11
- Vestibulocochlear nerves, central pathways and, CT evaluation of, 1984: Mar., 45-66
CT pneumocisternomeatography of, 1984: Mar., 45-47, 55, 57
- Vocal cord(s), carcinoma of, 1984: Mar., 266, 268-269
CT anatomy of, 1984: Mar., 253, 258, 259, 261
granuloma of, 1984: Mar., 272
- Weber-Christian disease, 1983: Mar., 69
- Wilms' tumor, in children, sonographic evaluation of, 1984: June, 327
MRI of, 1984: Dec., 931
- Wilson's disease, affecting thoracic cage, 1984: Sept., 510
on magnetic resonance scans, 1984: Dec., 788-789, 889
- Wire(s), thoracic, compromised, radiologic appearance of, 1984: Sept., 719-721
- Xenon-133, in ventilation scanning, 1983: Dec., 761-762
- Xeromammography, skin thickening of breast and, 1982: Sept., 562, 563
1200 breast cancers and, 1983: Mar., 81-91
detection of occult cancers, 1983: Mar., 82
- Yolk sac, sonographic appearance of, 1982: June, 264
- Zollinger-Ellison syndrome, radiologic diagnosis of, 1982: Dec., 710
